

For those who dare

# *rog strix flare ii*

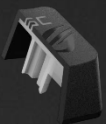

## Key Features

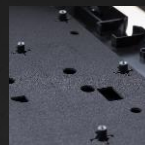

An 8000 Hz polling rate that refreshes input up to 8X faster than most gaming keyboards, reducing delay to a mere 0.125 ms.

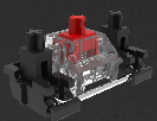

Metal media control keys are arranged so they're right at your fingertips, and can be programmed into hotkeys.

Durable keycaps with mid-height profile and shorter stems reduce key wobble and feature translucent ROG script

Built-in sound-dampening foam helps absorb pinging noises and echoes within the keyboard

Specially designed to ensure smooth keystrokes and stability for longer keys

Detachable wrist rest for comfortable marathon gaming sessions
